

Topics:

- **MD 97 and MD 28 Intersection**
- **Brookville Bypass Status**
- **Question and Contact information**

Intersection

- **MD 97 and MD 28 Intersection**

- This project is currently on hold.
- District 3 completed intersection improvements in 2018
 - Double left from MD 97 to MD 28
 - Extending the storage bay for the left turn
 - Stormwater Management
- Montgomery County identified this project as its #7 overall State Highways priority in its 2020 priority letter.
- Traffic analysis would need to be updated, to determine if the improvement is needed. Funding would also need to be identified.
